

## **STATEMENT ON THE AFRICAN GLOBAL DIALOGUE CONFERENCE**

The Constitution Hill Trust – also operating as WE THE PEOPLE – is an independent organisation that promotes knowledge and understanding of human rights and the South African Constitution.

Following numerous inquiries, we would like to make it clear that the Constitution Hill Trust has no involvement in the conference entitled “Narrative Conditions Towards Peace in the Middle East” being organised by the African Global Dialogue. It has not been discussed by the Trust. Venue approval is not in the mandate or powers of the Trust.

For clarity, the Constitution Hill precinct is the property of the Gauteng government which it manages through its wholly-owned entity, the Constitution Hill Development Company.
